

Caffè Novecento is on allocation. It will be available and delivered only to limited retailers.

Espressione Caffè Novecento

The new elegantly designed Caffè Novecento is a professional espresso machine with high class features. Old world styling with the latest in technology. Its professional brass filter holder with Thermocream System dispenses an intense creamy coffee like the one you find at the bar, while milk is whipped in just a few seconds with the built-in Maxi-Cappuccino device. Equipped with solenoid valve avoiding unwanted coffee drip. Retro style thermometer in clear sight verifies the perfect temperature for preparing coffee and cappuccino. Compatible with ground coffee and easy serving espresso pods. This impressive great performing machine is both easy and fun to use!

1387
